

## Services for People with Disabilities

We promote opportunities and provide support for persons with disabilities to lead self-determined lives. Support includes community living, day services, supported employment services and support for their families.

### SOME OF OUR SERVICES

- Severity of need assessments and screenings are provided to those who apply for services
- Services are provided to individuals with mental retardation, cerebral palsy, autism, severe epilepsy and brain injury
- Service recipients receive parenting help, job training, job coaching and life skills training
- Private companies contract with us to provide supported employment, group homes and host homes for special needs children
- Utah State Developmental Center is a 24-hour residential and treatment environment for people with developmental disabilities

### VOLUNTEER OPPORTUNITIES

Utah State Developmental Center, Sherilyn Kent, 801-763-4008

Family to Family Network, Maria Wiscombe, 801-272-1051,
